

Lovely Literacy

Our story of the week has been *The Very Lonely Firefly*. We discussed what the word lonely means and how some people may feel lonely. We talked about all the different lights that the firefly saw and how those lights help us to see when it is dark. We thought about what objects we have at home and at Nursery that give us light. Our sound this week has been "w" and we have loved looking and different objects beginning with this sound.

Marvellous Maths

This week in Maths, we have been looking at shapes. We have thought carefully about the names of our shapes and have counted how many sides and corners each shape has. We have drawn around shapes and have used shapes to make pictures. Later the children used shapes in their own play when using the dough and construction equipment.

Weekly Highlights

-  We are still eagerly waiting for our butterflies to hatch.
-  We used the bikes and outdoor area to build physical development.
-  We have used the paints to make our own pictures.
-  We have used blocks to make towers.
-  We have continued to learn to write our names.
-  We have used chalk and chalk boards to make pictures.
-  We used dough to make shapes and used cutters to help us.
-  We used the screen to match shapes to shape monsters.

Well done to our assembly winners this week who have been working hard and making the right choices throughout the week.
