Summer 2 Week 1

Lovely Literacy

Reception have had a fantastic week exploring the story *Supertato*. The children loved diving into the world of heroes and villains, and we used the story to talk about what it means to be a hero in real life too. This linked beautifully to Father's Day, as the children shared all the reasons why their dads and the special men in their lives are heroes at home.

We have been practising our writing skills throughout the week, creating thoughtful messages for our Father's Day cards and even writing letters to Supertato himself, asking for his help once again against the mischievous Evil Pea. The children showed great imagination, enthusiasm and growing confidence in their writing.

☀️ Weekly Highlights ☀️

- ❤️ Celebrating **Father's Day** and creating our special cards
- 🦸 Enjoying **superhero role play** and saving the day together
- Sky Art Week fun with music, drama, images, words and marks
- 🧱 Using large construction to build **cages for villains** (Evil Pea didn't stand a chance!)
- 🎭 Getting creative making **hero masks and rosettes**
- 🏆 And of course... the BEST end to the week — **Sports Day** with our amazing parents

Marvellous Maths

In maths this week, Reception have been exploring **patterns** and learning all about the **unit of repeat**. The children have created patterns using their bodies, classroom resources and even by arranging objects in different ways. We've practised making patterns in a straight line as well as circular patterns, helping us understand that repeats can continue on and on without ending.

As the week has gone on, the children have challenged themselves by building more complex patterns and showing real confidence in spotting, copying and creating their own. They are becoming brilliant pattern makers and have really enjoyed this hands-on learning.

A huge **thank you** to all the parents who came along and cheered us on. It made the day extra special for the children.
