## Lovely Literacy

This week in Reception, we have been reading *The Colour Monster* to help us understand and talk about our emotions. We have been exploring how we might feel happy, sad, angry, worried or calm, and discussing what these feelings can look and feel like. We also talked about starting school and how we have all experienced lots of different feelings as we began our Reception journey, just like the Colour Monster! We shared our experiences and thought about the things that can help us to feel happy, safe and settled at school.

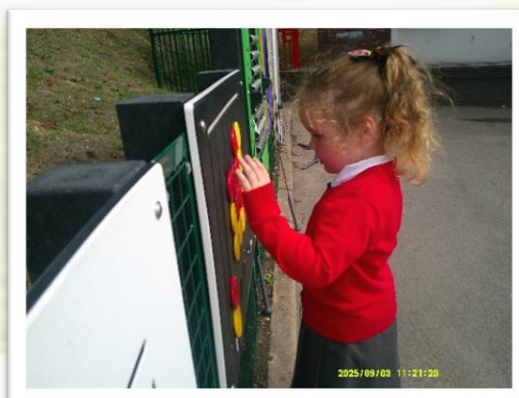

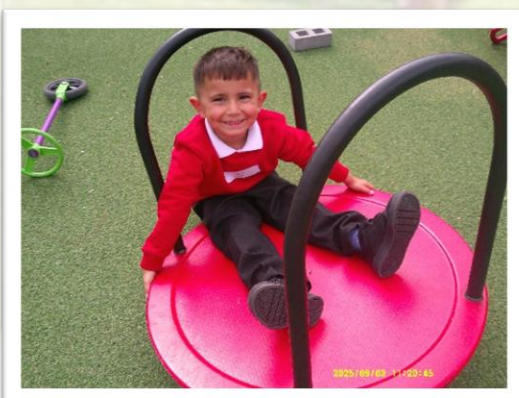

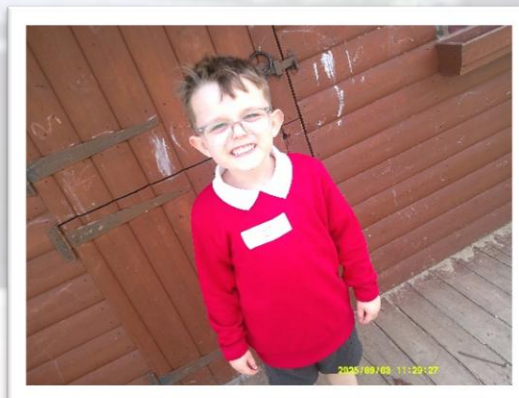

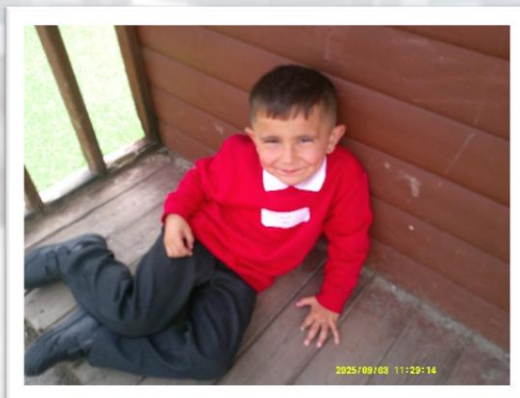

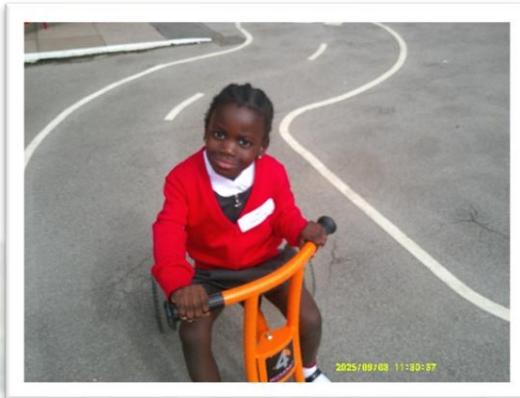

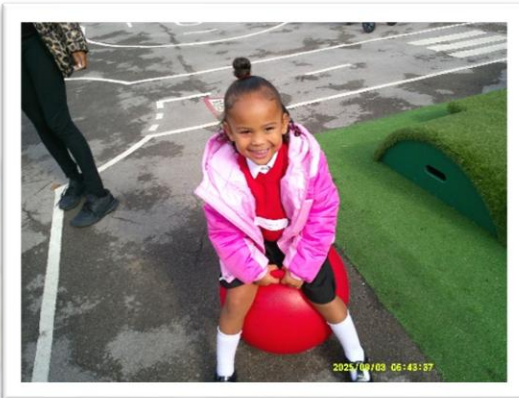

### THE COLOUR MONSTER

- Learning our new routine 🏠
- Making new friends 👧👦
- Singing and dancing 🎵
- Our first assembly on Friday ☀️
- Exploring our classroom 🔍

## Marvellous Maths

This week in Reception, we have been developing our early maths skills through lots of fun, practical activities. We practised our counting and explored positional language as we searched for the monkey, using words such as under, on top, next to and behind. We have also been identifying and talking about some familiar 2D shapes, looking at their different properties. We have also enjoyed singing lots of number rhymes to help develop our counting skills and number recognition.
